

Industrial Radio Control Expert

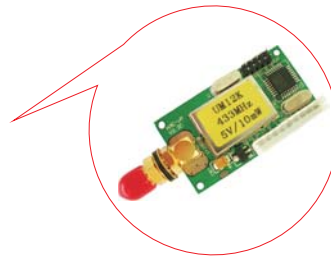

Concerte Arm Pump Wireless Remote Control

Designed for save power, batter can be used about 720hr under the continuous function.

Construction Tower Crane Wireless Remote Control

It can feed back signal ,alarm when limit is exceeded.

Technical specifications of HAC-UAN

Power output:	20dBm
Supply voltage:	4.75~5.25V
Reliable transmitting distance:	2500m
RF Effective Rate:	1200/2400/4800/9600bps
Communication Mode:	Half-duplex
Bandwidth:	<50kHz
Channel:	116 channels (software setup)
Interface:	TTL/UART, Non-Standard RS232 and RS485
Frequency Band:	430~450MHz (UAN433) 472~480MHz (UAN480) 850~880MHz (UAN433) 900~930MHz (UAN915)
